Kindness Rules !!

Dear parents/guardians,

Welcome to a new school year here at PVMS. Our focus this year is to improve student achievement and improve school culture through the practice of data collection and reflection as well as student participation in both the classroom and school related functions and activities at our school. With the combination of communication between student, parent and teacher we hope to achieve great gains in the coming school year.

This year marks the beginning of my 21st year of teaching and 12th here at PVMS. My past experience includes grades 4th, 8th and kindergarten at Holy Cross Catholic School and Peoria School District in Phoenix, Arizona. I received my BA from New Mexico Highlands University and am currently a level II teacher with K-8 certification with qualification in the area of science. Although I have taught all subject areas, including religion, my passion and interest has always been science. It is the basis of life and the key to our existence. Knowledge is power!

Mrs. Monica Koski
