

The Board of Education believes that by maintaining an instructional staff of high quality and providing for a rich and varied curriculum the need for individual tutoring will be minimized.

When paid tutoring of a student by an employee is deemed necessary, such tutoring will be conducted outside the employee's regular work hours. Such paid tutoring is to be arranged between families or other agencies and the employee, and the District assumes no responsibility for the arrangements or the performance thereof.

No employee may tutor for pay any pupil assigned to that employee's class, except in organized tutorial programs, which are publicly funded.
