****Additional contact time with students will be made during “team check-ins” see below:**

Team Check-In

First period teachers will create a Google Classroom and invite first period students to “Google Meet” twice weekly. Teachers who do not currently have a 1st period Google Classroom are in the process of setting one up. You can access their Google Classroom with the class code under their 1st period teacher’s name in the April 13, 2020 newsletter. ***Please be advised that it may be a week until every teacher has their classroom set up.*** Please see team check in times below. (Based on your students first period teacher). The purpose of team check-ins are to provide an opportunity for students to connect with each other and their first period teacher. Students will be able to express successes and challenges with their learning tasks. It will also be an opportunity for celebrations such as birthdays, accomplishments, virtual gallery walk of completed learning tasks, and more. If students want to get in touch with their other teachers from other class periods, they can do so through email or Google Classroom (during office hours).

Online Team Check in Meeting Times (with 1st period teachers)

(Your virtual meeting will be accessed through Google Classroom) *Specific Instructions for accessing Google Classroom will be available in the April 13th Newsletter.
